Lending Hands, Serving Others

Giving back is a core value at The Home Depot and is a passion for their associates. Through Team Depot, their associates-led volunteer program, Home Depot associates and suppliers work side-by-side to create a meaningful impact in veteran's communities. From retrofitting wounded warrior's home to helping make a housing facility move-in ready, their associates works with local non-profit organization (**like UFG**) to improve the homes and lives of thousands deserving veteran families.

Home Depot approved a grant for UFG to remodel, restore, and rebuild a home for homeless veterans to have a place to call home. We were given much help with all of our home improvement needs by the friendly and knowledgeable staff at the Riverdale and Mount Zion locations. The Riverdale and the Mount Zion store was so helpful as we restored the property that was to be demolished at one time.

WORKSHOPS

Group Sessions

There is a backlog of 1.2 million claims at the Veterans Administration. The VA application process remains complicated and adversarial. Veterans are not automatically enrolled in the VA, as many people think, when they finish their military service. They need help finding VA facilities, completing complicated applications, managing the application process and appealing rejected claims. Many Veterans who are disabled and unable to work due to war trauma are waiting months and years for benefits they were promised and have earned. This results in many Vets with significant financial problems that can end up homeless or worse.
